

**“FOUR-UP-SLIDE-OFF”**: The team goes to Four-Up. As soon as GL 12 is in position caller calls “GO” that sends GL 3 to the ‘curb’ followed by GL 1, 2 +4, in that order. Once GL 4 passes in front of GL 7, they follow in similar fashion followed by GL 5, 6 + 8, in that order, then GL 11 with 9, 10, + 12 complete this portion of the maneuver. Once the last row is at the curb, or when the Lead GL is at the end of the field, GL 12 calls “Come Back Now”. At this point, GL’s 3, 1 + 2 Flair to the right to their exact Deuce position with GL 4 following GL 2 around. The first 3 in each row turn at exactly the same time with the last GL following the GL in front of them. All other rows follow the exact procedure as the first four.
